

# USE the TELEPHONE

The concerns who appear in this page inaugurated a quick and intelligent telephone service for your convenience so that without any trouble you may order what you need without leaving your home. Whenever you are indisposed, or in rainy weather, or at any time at all when you want something in a hurry, use the telephone. The slogan of all these concerns is "Service First." They want to do all that they possibly can to make it easier for you to do your shopping. Cut out this sheet and put it where it will always be available. You will find it an exceptionally handy guide.
